Department/Facility description

IMTM is a not-for-profit organization and it serves as a national node for EATRIS (European Advanced Translational Medicine Infrastructure). Research at the institute integrates molecular studies with clinical practice and education in a new multi-campus environment. IMTM offers an attractive benefit package. Salary will be determined by the experience of the successful candidate.

Job Profile

<https://www.imtm.cz/vacancies>

The Institute of Molecular and Translational Medicine (IMTM), Faculty of Medicine and Dentistry, Palacký University in Olomouc, Czech Republic (www.imtm.cz), seeks for a group leader with previous experience in virological and/or bacteriological research and development. The position will be opened for three years with a possibility to extend as a permanent position - faculty member. The candidate's research skills should primarily relate to human virology/bacteriology, public health surveillance and the molecular mechanisms of viral/bacterial infections. We welcome highly motivated and scientifically advanced researcher to join our institute.

Requirements

- PhD in biomedical sciences
- Fluency in English
- Ability to perform independent research, write research articles and proposals, supervise students and work in multinational environment
- Experience with molecular biology and human virology/bacteriology methods, clinical studies, and team leadership

What we offer

- Steady background of the top scientific university.
- 8 weeks of paid holiday for academics and 30 days for non-academic workers and researchers.
- Meal allowance and other benefits
- Education and career growth possibilities

- International mobility of all employees.
