Job Profile

The position is primarily focused on completing independent research projects and publishing their results in international scientific journals.

Key Responsibilities:

- Conduct independent research in zoology or related biological disciplines
- Successfully complete research projects and prepare manuscripts
- Publish results in international peer-reviewed journals

Requirements

- Ph.D. degree (or equivalent) in zoology, ecology, evolutionary biology, or a related field
- Proven publication record appropriate to career stage
- Ability to work independently and within an international research environment
- Very good command of English (written and spoken)

What we offer

- Fixed-term postdoctoral position
- Competitive salary in accordance with university regulations
- Access to excellent research facilities
- Supportive and internationally oriented academic environment
- 30 days of vacation
- Meal allowance, canteen meals or meal vouchers
- Other benefits
- Workplace within easy reach of public transport, parking available
- Contract length: One year, with the possibility of extension in the event of exceptional scientific achievements

Documents requested

- CV in English
- Scan of Diploma
- Academic record track over the last 5 years
- Brief research and/or publication plan (1–2 pages)
- Contact details of two referees

If you are interested in this position, please, fill in the contact form and attached the requested documents no later than 15.02.2026.
