

Olomouc 07.02.2024

The Dean of the Faculty of Science announces a selection procedure for the job position of

Postdoctoral research fellow with focus on open quantum dynamics

Research Field: quantum dynamics of atoms and molecules in cavities and waveguides

Number of Posts: 1

Researcher Profile: Recognised Researcher (R2)

Department/Facility: Department of Optics

Type of contract: Fixed-term contracts

Job Status: Full-time

Hours per Week: 40

Location: 17. listopadu 12, Olomouc

Offer Starting Date: 01.04.2024

Department/Facility description

<https://optics.upol.cz/en/>

Job Profile

As part of the work package WP1 of the OP JAK QUEENTEC project, the postdoctoral researcher will deal with the analysis of open quantum dynamics of atoms, ions, molecules and similar systems in optical and microwave cavities and waveguides and numerical modelling of these processes and interactions for experimental proposals.

The postdoc will collaborate with the theoretical team at the Department of Optics, Faculty of Science UP, led by Prof. Radim Filip, scientific workers Dr. Alisa Manukhova, Dr. Darren Moore, and Dr. Andrej Rakhubovsky and with experimental teams at the Department of Optics of the Academy of Sciences of the Czech Republic in Olomouc (Dr. L. Slodička), at the Institute of Instrumentation of the Academy of Sciences of the Czech Republic in Brno (Prof. Zemánek, Dr. O. Číp) and the Jaroslav Heyrovský Institute of the Academy of Sciences of the Czech Republic in Prague (Dr. J. Fedor) involved in the QUEENTEC project. The mentor of the postdoctoral researcher will be Prof. Radim Filip.

Requirements

- Ph.D. in Physics
- Specialization in open quantum dynamics of atoms, ions, molecules and similar systems in optical and microwave cavities and waveguides
- Publication track record in open quantum dynamics of atoms, ions, molecules and similar systems in optical and microwave cavities and waveguides
- Ability to communicate in English

What we offer

- Reliable employer
- State-of-the-art equipment for teaching and research
- Professional development opportunities
- 30 days of vacation
- Meal allowance, canteen meals or meal vouchers

- Other benefits
- Workplace within easy reach of public transport, parking available
- Fixed-term contract for 12 months with the possibility of further extension

Documents requested

CV in English

Scan of Diploma

Academic record track over the last 5 years

If you are interested in this position, please, fill in the contact form and attached the requested documents no later than 08.03.2024.
